Release Notes for Link version 2016.12.v01.00

Release Date: 12/1/16

Purpose of the release

The version 2016.12.v01.00 release of Link includes updates to Link functionality. This document outlines the features included in this release.

The major themes of this release include:

- Drop support for Microsoft Internet Explorer version 8
- Adopt Optum ID 3.0 Next Gen user interface
- One retired application in the Link Marketplace
- Enhancements to Link functionality

About Link

Link is an intuitive, self-service experience for care providers and their staff that improves administrative workflow to make their work measurably faster and easier.

Supported browsers

Link works best with the following browsers:

- Microsoft Internet Explorer
  - Versions 10 and 11
  - Supported but not recommended: version 9 (Your user experience may not be as functional on this version.)
  - No longer supported: version 8
  - Note: Use the Tools menu Compatibility View settings to turn off Compatibility View for linkhealth.com and ensure that Display internet sites in Compatibility View is not selected.

- Mozilla Firefox versions 35 and above
- Google Chrome versions 37 and above
- Apple Safari version 7 and above

Retired application in the Link Marketplace

We have removed the following application from the Link Marketplace:

- ICD10 Lookup Tool

Enhancement to Link functionality

**Microsoft Internet Explorer version 8 is no longer supported**

Users can no longer log into Link dashboards with Microsoft Internet Explorer version 8. Users who navigate to any dashboard with Microsoft Internet Explorer version 8 will see a message requesting that they update their browser. The message includes a list of the supported browsers.

**Link dashboards use new generation of Optum ID**

When users sign into any Link dashboard with their Optum ID, they now see the Optum ID 3.0 Next Gen user interface. The new interface does not support Microsoft Internet Explorer version 8. Adopting the Optum ID 3.0 Next Gen user interface is tied to dropping support for Internet Explorer version 8 in Link.
