Release Notes for Link version 2017.03.v01.00

Release Date: 3/27/17

Purpose of the release

The version 2017.03.v01.00 release of Link includes updates to Link functionality.

The major themes of this release include:

- Internet Explorer version 9 no longer supported
- Link FAQ browser information updated

About Link

Link is an intuitive, self-service experience for care providers and their staff that improves administrative workflow to make their work measurably faster and easier.

Supported browsers

Link works best with the following browsers:

- Microsoft Internet Explorer
  - Version 11 and above
  - Supported but not recommended: version 10 (Your user experience may not be as functional on this version.)
  - Note: Use the Tools menu Compatibility View settings to turn off Compatibility View for linkhealth.com and ensure that Display internet sites in Compatibility View is not selected.

- Mozilla Firefox versions 35 and above
- Google Chrome versions 37 and above
- Apple Safari version 7 and above

Enhancements to Link functionality

Link copyright date updated

All Link pages now display 2017 as the year in the copyright information.

Internet Explorer version 9 no longer supported

no longer supports Internet Explorer version 9. Users attempting to access with Internet Explorer version 9 are blocked from logging into. Instead, these users see the Please update your browser page informing them that they are using an unsupported browser. Users who access with Internet Explorer version 10 see a pop-up suggesting they update their browser. After closing the pop-up, these users can log into.

Link FAQ browser information updated

We have updated the browser information in the pre-login and post-login FAQ pages. The FAQs now provide the following browser information:

Link works best with the following browsers:

- Microsoft Internet Explorer
  - Version 11 and above
  - Supported but not recommended: version 10 (Your user experience may not be as functional on this version.)
- **Note:** Use the **Tools** menu **Compatibility View settings** to turn off **Compatibility View** for linkhealth.com and ensure that **Display internet sites in Compatibility View** is not selected.
